MEETING OF WATER COMMISSIONERS

REPORT OF W. B. CHASE ON THE PROPOSED HEADWORKS DAM—IRRIGATING OF OCEAN VIEW CEMETERY DISCUSSED.

The Board of Water Commissioners met in the regular June session last evening, with all members of the board present. The report of Consulting Engineer Chase in regard to the proposed headworks dam was read and placed on file. Mr. Chase reported that the proposed wooden dam was feasible and a dam which would hold 7,000,000 gallons could be built at an estimated cost of \$12,500. By raising the top of the dam 5 feet the capacity will be increased to 12,000,000 gallons and higher than this he would not recommend that it be built. It was the opinion of the engineer that if all leaks were stopped and the waste reduced to a minimum the present plant would take care of the situation for at least a year and possibly two or three years. He suggested that meters be installed and the rates of the larger manufacturing plants be raised. Mr. Chase also rendered the opinion that the inevitable growth of Astoria will necessitate a much larger plant and suggested that this be considered when any improvements are contemplated. In his opinion a larger conduit and a much greater storage at this end of the system would be greatly desired.

The clerk's report showed the total business for the month of May to have been \$3972.18 and the total cash collections \$3873.38. The report was accepted and placed on file. The payroll amounting to \$454.25 and the bills which totaled \$23.21 were approved and ordered paid.

In view of his efficient services for the time that he has been in the employ of the board, G. W. Lounsbury's salary was increased to \$100 per month, dating from June 1. Albert Johnson requested in a letter that his salary be increased, giving as the reason for the request the increased cost of living. His monthly wage will likewise be \$100 per month, the increase to date from the first of the month.

A communication from City Surveyor Tee representing the park commission was read in which he requested permission to tap the main conduit for the purpose of supplying the fountain in the city park. The board instructed the clerk to have assistant superintendent Johnson make the connection.

The clerk was instructed to write the Sorenson Logging Company and notify them that all waste of water at their plant must be stopped immediately else the water privilege would be taken from them permanently. A petition from several residents from Upper Astoria was read asking that the board establish a drinking fountain in that part of the city. The petitioners expressed a willingness to furnish the fountain providing the board would make the connections. The matter was referred to the assistant superintendent for a report to be turned in at the next meeting. A petition from the residents of the district near the corner of Thirty-eighth street and Franklin avenue, for a fire hydrant at that corner, was also referred to Johnson for a report as to the utility and possibility of the hydrant.

The matter of irrigating the city cemetery at Ocean View was brought to the attention of the board and was referred to the city attorney for an opinion as to whether or not the board had the power to act in the matter. The members of the board were in harmony with the idea and agreed on the necessity for a water plant of some kind being installed there but doubted their jurisdiction in the matter. Each expressed a perfect willingness to go the limit of the board's power in the matter, hence the necessity for an opinion from the city attorney.

RATES ADVANCED.

On June 15 the tariff, agreed upon by the various trans-Pacific lines at a recent conference at Vancouver, B. C., will go into effect so far as it applied to general freight. On wheat and flour the new rate, showing an advance of 50 cents a ton, does not become operative until July 1. On some items in the general freight line the increase is 20 per cent. On horses now carried to Hong Kong at \$75 a head, \$90 will be charged on and after June 15. The freight on canned goods will be advanced from \$6 to \$8 a ton, and hops from \$6 to \$7.

Grand Avenue Closed—

Between Seventh and Eleventh streets Grand avenue is now closed to vehicular traffic and it will remain so until the improvements, at present being carried out, are completed and approved. Contractor Goodin has found it impossible to carry on the work in an effective and

Golden Oak
Rug filler and bird cages now in. Hildebrand & Gor.

IT MAKES A DIFFERENCE.

It makes all the difference in the world to the convivial man where, and what, he drinks. Most men desire beauty and cleanliness, and handsome appointments in the saloon they patronize regularly, as well as the essential pre-requisite of genuine wines and liquors that are served to them. And these things are so particularly and properly conspicuous at Otto Sund's elegant resort, the Commercial, at No. 509 on the street of that name that they account thoroughly for the fixed and splendid custom he enjoys. There is nothing allowed to pass his counter but the best and choicest in every department of indulgence, and the service behind it all, is the most pleasing and satisfying in the city.

Talking Machines.
Subscribe for the Daily or Weekly Astorian and get a Graphophone on small weekly payments. Call on A. R. Cyrus, 424 Commercial street for particulars.

Save Your Slips
Whether you buy 10 cents or a dollar's worth in Wise's clothing store, save your slips, and when you have \$5 worth you get a Piano number free. Be sure and ask for your number for the next dance and Piano contest for Wise's customers.

MONEY TO LOAN.
\$1500 on inside property. Several lots, vicinity of Eighth street. House and lot for \$1000. A good buy. C. W. STONE, HOTEL IRVING. 5-28-10t.

Just Received
The secret of making good pictures is in having the best materials to work with. Hart's drug store have just received a fresh supply of films and film-packs, so get in the game and do it right.

For The Little People.
Every parent in this city should investigate, at once, the new and appreciable shoe for the youngsters, at Charles V. Brown's Commercial street house. They are called the "E. C. Scuffer" and are the very epitome of good wear and real comfort. They are going like wild-fire and the kids themselves are after them because they look so "comfy."

AT THE WALDORF.
A fine series of living pictures is now the star attraction at the Waldorf, and they are most decidedly well worth seeing. Exhibitions are held hourly commencing at 8:30 and everyone who gets a chance should visit this show. There has not been a better Cinematograph in town for a long time. The series comprises many highly amusing pictures and others of a very interesting character. So rush up while you have the chance and see this show.
